

BugDorm-2120 Insect Tent (BD2120)

MegaView Science Co., Ltd.

<http://BugDorm.com> • <http://MegaView.com.tw>

Package Contents

- 1 BugDorm
- 4 Feet
- 4 Splints
- 6 Fiberglass Poles

Assembly

1. Push one foot onto one end of each pole.
2. Push one pole, foot-end first, into each of four sleeves of BugDorm. Foot prevents poles from puncturing sleeves.
3. Push a splint over top of each pole used in Step 2.
4. Thread remaining two poles through tabs on top of BugDorm to form an X and into top half of each splint used in Step 3.
5. Tie ribbons around crossed poles of Step 4.

Caution

- ※ Operating Temperature: -10 to 60°C
- ※ When trying to take the assembled tent apart, you may find a few poles locked in the splint. **Do not force them apart**, or you may rip the seam. Try to find a looser connection elsewhere.
